Living the high life

THIS magnificent seven-bedroom villa stands proud, high upon a hill in Chalong.

Only a five minute drive to Chalong Bay, it's an ideal retreat for a family wanting to live in a peaceful tropical environment.

Entering through the main electronic gates, your visitors will be hit by the grandeur of such a well designed villa.

The garage has enough space for two cars, as well as plenty of storage room.

The main steps to the entrance are surrounded by an established tropical garden which fills the air with wonderful fragrances.

The large front doors open into an expansive living room, and would be the perfect place to watch a movie or entertain friends.

The dining area is in the centre of the entire villa and complements a kitchen finished in granite and steel, which is perfect for preparing small meals or large feasts.

A large staircase which leads upstairs is finished in highly polished maka wood, and the same floor finish continues throughout the upper floor.

The landing has a huge ornate chandelier and a glass balcony which looks down into the living area below.

The bedrooms all have large windows which allow plenty of light and air to flow through, and the en-suite bathrooms are finished in

granite and come complete with high quality fitting.

The view of Chalong Bay and its islands from the balcony outside the master bedroom is stunning.

One of the smaller bedrooms at the back overlooks the new Phukana Golf Course.

A large swimming pool and Jacuzzi brighten up the back yard where a push of a button starts up a fountain bringing life and sound to the whole area.

And after a swim, you can relax on a large terrace, or sit in the well positioned sauna.

An electronic control system has been installed throughout the house, providing one touch and mood lighting to each living area, music in each room, sensory intruder alarm system, CCTV and wireless internet.

Nearby attractions include Wat Chalong Temple, The Big Buddha, Chalong Bay and the weekend night market, with its hundreds of bargains.

The villa comes complete with all the existing well selected furniture and furnishings and has a five-year building guarantee.

It sits on 800sqm of land and has a living area of 521sqm.

It can be yours for 25 million baht.
