Breathtaking views over Patong Bay

THIS hidden gem which is nestled in a tropical setting overlooking Patong bay, features some of the world's most breathtaking views.

The villa is part of an exclusive estate, and simply oozes luxury living.

When you first walk in the front door, you will be immediately impressed by the imported Italian marble which feels cool and soft under your feet.

The fully equipped high gloss kitchen comes complete with all the latest hi-tech appliances and opens onto an adjacent dining area which allows convenience for meal times.

The dining room leads into a large open plan living area, featuring an impressive custom-built sofa which can comfortably seat up to eight people.

A 60-inch LCD TV provides the entertainment, and the attached surround sound system makes watching a movie or the evening news a real experience.

An expansive balcony looks out onto a dramatic panoramic and constantly changing picture of the whole of Patong.

The master bedroom which has its own en-suite bathroom is upstairs, and like the lounge room, it also has a large balcony with a view over Patong Bay.

There are two more bedrooms, one of which is currently used as an office and the villa comes complete with wireless internet.

You will start planning a party as soon as you walk onto the open roof terrace which has been designed for daytime sunbathing and evening entertaining.

The terrace features a service counter, BBQ facilities, a fish pond and a shower.

A large infinity swimming pool and a Jacuzzi are finished in deep blue tiles to match the sea beyond.

The villa also has a parking area which is incorporated into the design of the house, providing security and shade from the sun.

The quality of the fixtures, fittings and finish throughout the villa really is something to appreciate and enjoy.

The total living area is an impressive 270sqm and comes with a Chanote land title.

Priced at 21.9 million baht, this villa represents great value for money.
